Our Vision
We are a Spirit-empowered Christian community seeking to love and celebrate God with all our heart, soul, mind and strength and to love our neighbours as ourselves. We believe it is God's desire that our church be open to all people as a place to learn, a place to laugh, a place to love & be loved.

A Message From Pastor Troy

As March begins, we are (hopefully) ramping up to spring and Easter... although I'm not sure the weather will cooperate! Some call this season Lent, and Mardi Gras (Feb 25th) is literally translated "Fat Tuesday", a day on which believers were to consume all the sweet, fatty, or "frivolous" foods in their homes before Lent begins. Ironically, Mardi Gras has become a party of huge excess, instead of being associated with self-denial and faithful obedience.

Obedience? Consider the words of John 14:23, where Jesus said, "Anyone who loves me will obey my teaching. My Father will love them, and we will come to them and make our home with them." The mark of obedience is an experience of the Presence of God: "We will come to them and make our home with them." Yes, Lord Jesus! Come into our homes, our lives, our hearts!

HEARD YOU BLURTING MY NAME THERE...
ANYTHING I CAN DO FOR YOU?

Wednesday March 11th at 7pm
Headliner: Derrick Tennant (This one is a must see!)

Derrick Michael Tennant made the most of a tragedy in his life by creating an opportunity for a career. As a promising athlete, Derrick was progressing in his dream for a career in sports when one evening he laid down but did not wake up for three days.

He had undergone random bleeding from point x for an unknown reason. Paralyzed and in a coma, Derrick underwent brain surgery from which he became unable to move his left side. It would take years of therapy to re-learn the basics like walking, talking and simple daily tasks. Derrick is still unable to use his left arm and he walks with a limp, but he has learned a lot through this process.

Derrick credits one thing for his ability to make it through this process not only alive, but also learning and growing: LOVE. Receiving love from his family, his friends, and his God combined with learning to better demonstrate love in the midst of difficulty were essential to Derrick's survival and vitality. After brain surgery, years of rehab and life in a wheelchair, he ultimately got on his feet again. Despite the very limited use of his left side, Derrick loves life and "looks on the RIGHT side" of things. He communicates the importance of shifting obstacles in life, work or business into opportunities.
